From the Helm

With the 4th of July quickly approaching and summer starting to heat up, we know that we will see

all of you out on your boats and look forward to seeing you all enjoy time well spent with

family and friends. If there is anything that we can do to make your summer more memorable, please don't hesitate to ask, since we strive to make this boating season a dream you will remember for a lifetime.

*Greg Sinks - General Manager
California Recreation Company*

It was great to see so many people having fun and getting to know your neighbors. We appreciate your continued patronage and look forward to hosting our 3rd Annual Barbeque for you all again next year!

Thank you for attending!

A special thanks to those that attended Bair Island's 2nd Annual Customer Appreciation Barbeque last

month! Despite the inclement weather, we were pleased that about

50 guests attended the event. We hope that you all enjoyed yourselves as much as we enjoyed hosting it!

Pet and Water Safety

Most dogs and cats are more than pets, they're members of the family. Which means they are not only a part of life's daily routines, but also those special moments that bring a family closer — like adventures aboard your boat.

That is why Sea Ray Boats created the Pet and Water Safety (PAWS) Program, to help boaters keep their pets healthy and happy on the water.

In a recent survey, the company found that more than 60% of boat owners had dogs and cats, and nearly two-thirds of them take their pets on their boats between 5 and 15 times a season.

Sea Ray conceived and launched the PAWS website, which currently includes articles, guidelines, safety tips, contests, gear and special offers from sponsors. *Visit for more information about protecting your pets, please visit www.petandwatersafety.com.*
