Clean Marina Certification

CRC is pleased to announce that we have earned the Clean Marina Certification for all of our Newport Harbor Marinas! This certification program works to form a partnership between private marina owners, government marina operators and yacht clubs with the goal of continuing to promote clean activities and encourage Marinas to follow the best management practices to keep certified Marinas unpolluted and sparkling clean. We are proud to continue to show our commitment to the improvement of our Marinas, not only for our current tenants, but for future generations to enjoy and indulge in.

"The Name Game"

We always love to hear the stories behind every boat name that glides through our Marinas. *Pelican Hill Magazine*, features some of

California Recreations Company's tenants sharing the inspiration and history behind their vessel names in the Fall/Winter Issue that is conveniently located online for your viewing pleasure.

Hear your neighbors tell their tale by visiting pelicanhill.com.
