Welcome Message

Happy New Year! The year 2011 has come to a close and it is time to think about the new year and all of the opportunities that lie ahead for us in 2012. As you contemplate the upcoming year and make your resolutions, I hope you include a resolution to enjoy more time on your boat with family and friends. Boating is a wonderful way to re-connect and spend time with those who mean the most to us. We are fortunate to live and play in Newport Beach and I hope you find time to take advantage of this opportunity. Resolve to make 2012 your best boating year ever.

*Greg Sinks - General Manager
California Recreation Company*

Newport Beach Restaurant Week

It's Back...Foodies unite and make reservations early to "Savor The Flavor of the Real OC". The Sixth Annual Newport Beach Restaurant Week will kick off Friday, January 20th - Sunday, January 29th, giving the

community an incredible opportunity to dine at some of the best Newport Beach restaurants for nine days at a great price! Nearly 75 of Newport's finest eateries will participate in this citywide culinary celebration.

Check it out at www.newportbeachdining.com.

Mark Your Calendar

Bring your friends to our CRC Casual Golf Day at Pelican Hill Golf Club® on Sunday, January 22nd. Enjoy one round of golf on Southern California's most prestigious and picturesque courses for a special offer of \$150.00 per person without fore caddie.

This offer is only available to CRC Tenants and their guests. Reservations must be made through the Marina Office.

Tee-times fill up quickly for this event, so please call us at (949) 721-0111 to reserve your tee-time for a fantastic golf outing.

Did You Know...

It is said that the letters P.O.S.H. were printed on the tickets of 1st class passengers traveling by ship to and from India. This stems from the practice of wealthy passengers booking a cabin on the port side of the ship when traveling to India and the starboard side cabin for the journey home to be on the cooler side of the ship away from the glare of the sun. The word posh stood for "Port out, starboard home".

Basic Sail Care for the Boat Owner

With most sails, putting them away properly after they've been used is all that's required in terms of regular maintenance. That means hosing them down with fresh water and allowing them to dry thoroughly if they've been saturated with salt spray. Salt crystals are abrasive and corrosive to the sail cloth, and if left in the sail, they tend to absorb water, which can foster the growth of mildew. Keeping your sails clean is a lot easier than getting them clean once they're soiled.

When stowing sails, it's always better to roll a sail rather than to fold it with heavy creases because those

creases can damage the fibers that make up the cloth. Putting sails away properly also means getting them out of damaging UV sunlight by way of a sail bag, a cover or taking them off the boat and storing them indoors.

Lastly, most sails can benefit from periodic washing. Simply lay the sail

out on a clean and dry, preferably smooth, surface and use water and mild soap, like Woolite, along with a scrub brush made with soft, pliable bristles and remove the stains and dirt from the sail.
